## THE MANHATTAN Life Insurance Co., OF NEW YORK.

ASSETS - \$12,000,000.  
BETTER THAN A GOVERNMENT BOND.

The MANHATTAN for a limited period will offer the residents of Nevada a Bond Combining Insurance and investment that is in reach of all and which every healthy able-bodied man in the State should possess—for the protection of himself and family.

In explanation read what follows: Suppose a special agent of the U. S. Treasury Department should call on you today and say:

The Government would like to sell you bonds for any amount between \$1,000 and \$30,000 and if it is not convenient for you to make the investment at once, we will allow you to pay for the bonds in

Ten Equal Annual Installments.

And, suppose, in addition to this, the Government, wishing to make this the most desirable investment in the world, should stipulate in the bond, not only to pay them at the end of the term, but in case of your previous death, to pay them to your family and AT THE SAME TIME RELEASE YOUR FAMILY FROM PAYING ANY FURTHER MONEY.

Would you not at once close with such an offer? And yet this is practically what the Manhattan Life Insurance Company, of New York has done and is doing.

For a full explanation of this plan, address, giving your full name, address, occupation and age,

## Platform and Resolutions

Adopted by the Republican State Convention held at Virginia City, Nevada, September 4th 1890.

The record of the Republican party is its best platform.

No political party in human history has taken such advanced positions for the equality of races, none has so wedded the administration of authority to the needs of business, none has so managed the affairs of a State as to encourage the development and settlement of a continent, none has elevated a nation and so contributed to the comfort and happiness of man, none has so honestly and economically carried on the routine duties of office.

In all things it has been the direct opposite of the Democratic party. Grand in its ambitions and impulses, firm and resolute in its consistency, strong in its devotion to principle, it is now, as it has been from its birth, the representative of all that is best and noblest in its own country and hope and promise of a better future for the human race.

Its battles for human rights, its preservation of the Union, its abolition of slavery, its protection of labor, its elevation of manufacturers, its upholding of the national credit, its efforts in behalf of honest financial methods, its honest system, and its devotion to popular education have made for it the greatest record of any political organization this or any other country ever had.

The names of its heroes are Legion, and the deeds of Fremont, Lincoln, Grant and Garfield will shine like electric lights on the pages of history. The Republicans of Nevada, in convention assembled, heartily endorse the acts of the fifty-first Congress, which has made greater advances in correct and needed legislation than any since the war.

The crime of filibustering, so often resorted to by the Democratic party for the purpose of defeating legislation and blocking the wheels of government, has been done away with by the genius of Reed, McKinley and their associates, and the offenders taught that congressmen are paid by the people for making laws and not bad politics.

It had, by a strictly party vote, placed the silver question on a basis that will lead naturally to free coinage and disarm all opposition among financiers.

It has taken up the work of a readjustment of the tariff in a patriotic and business-like way, such as will protect the interest of labor and at the same time encourage capital to enterprise that will furnish it with employment at good wages.

New schemes, which were denied their rights before, have been admitted to the Union, and a great gap in the many rights of the citizen has been closed.

Trusts that grew under Cleveland's Administration have been broken up and made to obey the laws of honest commerce.

Efforts are being made to prevent or punish frauds and intimidations in elections.

A navy has been provided for and suitable provisions made for the support of the sick and wounded heroes of the war.

Provision is being made for the reclamation of arid regions, where the Republican policy of free homes and free schools can be extended.

Unearned land grants are being restored to the public domain and the land thrown open to settlement, and in all things the pledges of the National platform are being amply redeemed.

We endorse the Administration of President Harrison and commend his conservative course as striking in contrast with the reckless extravagance of the former Administration.

During the former Administration liver and wheat reached the lowest price ever known, and farmers burned their corn for fuel. In a word, the nation was in a state of financial prostration, and the people were suffering.

Produce of labor are rapidly rising, and while the Democratic officials may perhaps be innocent of intentionally destroying our prosperity, they are culpable for the results of blunders, as they would be for crimes. Under Harrison Chinese and con men are kept out of the country, American labor and mechanics protected, agriculture is encouraged by a department that is greatly increased for its benefit, and the laws administered in a wise, firm and patriotic manner, in presenting its ticket to the voters of Nevada, the Republican party pledges its readiness to re-enact the laws which it is possible in county and State expenditures.

We pledge our nominees to a system of State improvements which shall include the water now running to waste, and devise means to secure its use in the irrigation of the fertile lands now lying idle.

We endorse the measure introduced by Senator Stewart proposing to cede the lands within our lines to the State for the purpose of obtaining water for irrigation and irrigation system, and we appeal to Congress and the President to grant this much-needed aid.

We endorse the course of our Senators and Representative in Congress, and commend their efforts to establish on a better basis the use of silver as money, and reaffirm our compromising demand for the free coinage of both gold and silver and their equal station in our national currency.

WHEREAS, The practice of letting mail contracts in this State to non-residents thereof, who seek and obtain such contracts only for the purpose of subverting the same, has resulted in an inferior and impaired mail service;

Resolved, That our delegation in Congress be requested to procure, if possible, the enactment of a law to prevent such abuses in the future.

We are in favor of the improvement of the wages of American labor by restricting immigration from foreign countries, a thorough revision of our naturalization and land laws, the construction of naval and coast defenses, the fostering of free schools and popular education, the enforcement of a free ballot and a fair count, enjoining the defenders of our country, the protection of every citizen in his rights at home and abroad, the fostering of a policy that will extend our commerce, the settling of all foreign complications by arbitration, and a liberal appropriation by Congress for the construction of water reservoirs and a system of irrigation.

Resolved, That we are in favor of the Australian system of ballot.

Resolved, That at the coming election the question as to whether or not a Constitutional Convention will be held is to be submitted to the people, and we earnestly invite a calm and thorough discussion of the question during the campaign.

Resolved, That it is the policy of the Republican party of Nevada to secure all such possible representation in the public affairs, and especially in dispensing with unnecessary offices and useless departments, adjusting salaries upon a basis of services performed, and securing the best men to fill the same, and shortening the session and lessening the number of members of the Legislature, is the principle of taxation, and in consolidating county offices and diminishing county expenses, and to end we pledge the nominees of the convention and earnestly ask that the nominees of the several county conventions be likewise obligated.
